Trainings & Events

Explore Learning Diversity

Every individual's educational journey is unique. That's why we offer four dynamic types of learning, ensuring that you can choose the format that best suits your preferences and needs.

4 types of Learning

On-site

We arrange on-site training sessions in various locations according to our annual training calendar.

On-line

You follow the training on your computer from home or at the office, at a date and time set in advance. You interact with the trainer and other participants. Online trainings are specially adapted to this learning type.

E-learning

You follow the training individually on your computer at your place.

Hybrid

Our training sessions offer the flexibility of attendance in either virtual or in-person.

Customized Training

IIA Tanzania offers specific trainings for your Audit Department, Management Team, Board and Audit Committee based on your organization's specific needs. The training can be based on an existing training from our program which will be delivered exclusively for your team or the training can be tailor-made combining different existing courses based on your expectations.

What we offer

The training offer includes an intake session with management of your audit department to discuss the organizational context as well as the specific needs and concerns to be addressed. Besides the traditional training, coaching sessions for individual staff members or for the group are also possible in addition to customized trainings

Format

These training can be online, in-person or hybrid depending on the topic and training content. The format and dates will be decided in consent with your audit department.

Pricing

Based on your request, we will provide you with a price offer. A price reduction is calculated based on the size of the group and the length of the course. A customized training is possible for groups of 6 and above.

Why should you become certified?

Earning your certification is like having a key to the vast world of opportunities the profession of internal auditing offers placed in the palm of your hand. It can open doors you did not even know existed, as the three or four letters that now follow your name will make one powerful statement about the expertise you bring to the table.

Ultimately, becoming certified will:

- Help you earn credibility and respect in your field.
- Open more opportunities for career advancement.
- Prove your willingness to invest in your own development.
- Demonstrate your commitment to your profession.
- Improve your internal audit skills and knowledge.
- Build confidence in your knowledge of the profession.

Why should you follow a certification training?

Our expert instructors will lead you through the IIA exam syllabus in structured and interactive online sessions to ensure that you understand all the different topics. They will give you all practical tips and tricks to optimize your success rate. You will practice together with other participants to keep you motivated and this will enable you to take the exam within the set time frame.
