Training and Events

Explore Learning Diversity

Every individual's educational journey is unique. That's why we offer for dynamic type of learning, ensuring that you can choose the format that best suits your preferences and needs.

4 types of Learning

On-Site

We arrange on-site training sessions in various locations according to our annual training calendar.

On-line

You follow the training on your computer from home or at the office, at a date and time set in advance. You interact with the trainer and other participants. Online trainings are specially adapted to this learning type.

E-learning

You follow the training individually on your computer at your place.

Hybrid

Our training sessions offer the flexibility of attendance either virtually or in-person.

Customised Training

IIA Tanzania offers specific trainings for your Audit Department, Management Team, Board and Audit Committee based on your organization's specific needs. The training can be based on an existing training from our program which will be delivered exclusively for your team or the training can be tailor-made combining different existing courses based on your expectations.

What we offer

Our customized training offers tailor made trainings program as per the need of the client. We prefer having an intake session with management of your audit department to discuss the organizational context as well as the specific needs and concerns to be addressed. Besides the traditional training, we offer coaching sessions for individual staff members or a group in addition to customized trainings.

Format

The customised training can be online, in-person or hybrid depending on the topic and training content. Delivery format and when and where training to be offered is mostly decided by the client.

Pricing

We offer competitive pricing based on request. The price is usually calculated based on the size of the group and duration of the course. Customized training is possible for groups of 10 and above.

Why should you become certified?

Earning your certification is like having a key to a vast world of opportunities the profession of internal auditing offers placed in the palm of your hand. It can open doors you did not even know existed, as the three or four letters that now follow your name will make a powerful statement about the expertise you bring to the table.

Ultimately, becoming certified will:

- Help you earn credibility and respect in your field.
- Open more opportunities for career advancement.
- Prove your willingness to invest in your own development.
- Demonstrate your commitment to your profession.
- Improve your internal audit skills and knowledge.
- Build confidence in your knowledge of the profession.

Why should you follow a certification training?

Our expert instructors will lead you through the IIA exam syllabus in structured and interactive online sessions to ensure that you understand all the different topics. They will give you all practical tips and tricks to optimise your success rate. You will practice together with other participants to keep you motivated and this will enable you to take the exam within the set time frame.

Thinking of In-house Training? Contact us.

In-house courses are specifically designed and tailored for clients to meet their specific requirements. Besides being cost-effective, this program ensures maximum benefit to the organisation as participants will have an opportunity to explore the appropriateness of their current audit practices, methods and approaches, strengths and weaknesses.

Benefits of In-House Training

Convenience: Clients get to pick the dates, time, location and topic

Focus: IIA Tanzania works with client to perform a needs assessment so that the training focuses on the objectives, issues, and challenges of the department.

Team building: Training the entire team at the same time ensures they hear the same message, and fosters team building.

Save Substantially: Benefits from reduced course fees and eliminated staff travel expenses. Spend training funds on customised training that focuses on the issues critical to the organisation.

Confidentiality: Training in-house means participants can candidly discuss their organisation's unique challenges and opportunities confidentially.

Customization: Topics are customised to fit client's training needs and timeframe.
